Panefold®

Fifty Years Of Innovative Space Division Systems

Folding Doors and Folding Partitions

PANELFOLD HISTORY AND SERVICES

Now in its fifth decade, Panelfold has long been recognized as the innovative leader in the folding door, acoustical accordion folding partition and the operable and relocatable wall industry. Established in 1953, the company has progressed from its first small factory to a 140,000 square foot modern facility in suburban Miami, Florida, U.S.A. and has been a major employer in Miami's multi-cultural community.

Panelfold products are available to provide almost every conceivable size space division requirement with more product models, acoustical values, price ranges, and variety of surfacing materials and work surfaces than any other manufacturer.

PRODUCT OVERVIEW

Signature ® **Folding Doors** are made up of nominally five inch wide laminated panels, connected by hinge mouldings of the same materials. Please refer to **Page 3** for color selections. The doors are carried by free-rolling, double nylon wheels. A positive automatic latch and jamb mould is standard and security features are optional. **Page 3**

Scale/4 [®] Folding Doors are made up of nominally four inch wide laminated panels, connected by Panelfold's exclusive dual walled Memory Action extruded vinyl. Please refer to Page 7 for color selections. The doors are carried by free-rolling, double nylon wheels. A positive automatic latch and jamb mould is standard and security features are optional. Pages 4-5

Scale/6® and Scale/6® Decorative

AccentsTM Folding Partitions are made up of nominally six inch wide by one/half inch thick laminated panels connected by Panelfold's exclusive dual walled Memory Action extruded vinyl. Genuine wood veneer, wood grain vinyl, textured vinyl and high pressure laminate are standard surfacing options. Please refer to **Page 7** for selections. The partitions are carried by free-rolling, double nylon-tired steel ball-bearing wheels. A positive automatic latch and jamb mould is standard and security features are optional. *Pages 4-5*

Criterion® Folding Doors are made up of nominally four inch wide rigid vinyl (PVC) extruded panels, connected by Panelfold's exclusive integral rigid hinges. The available color selections may be found on

Page 6.The doors are carried by free-rolling, double nylon wheels. A powerful magnetic latch and jamb mould is standard. *Pages 6 and 8*

EchoSorb® Acoustical Panels are fabric wrapped aluminum framed NRC.75, panels that control unwantedannoying sound reflectionand speech distortion.Please refer to Sweet's 09800/PAN.

Features and Benefits

Each of the Panelfold space division systems has its own unique acoustical, appearance, hanging weight, and cost characteristics. The materials, designs, and craftsmanship used for all the product lines have the performance that has established Panelfold as the quality leader over the years.

Panelfold Information Systems

Architectural Products Manual

Contains Products Overview and History; Product Selections Guides and Product Briefs with drawings, details, and layouts, 3-Part Guide Specifications; Surfacing Materials Selections Guide and Color Selectors.

Panelfold Interactive CD-ROM

An advanced CD-ROM containing electronic product information, video, test data, installation instructions, interactive 3 Part Specifications and uniformly formatted CAD Drawings and Details (in both DWG and DXF) ready for integration into construction documents, Color Selectors, Catalogs and more.

Sweet's CD

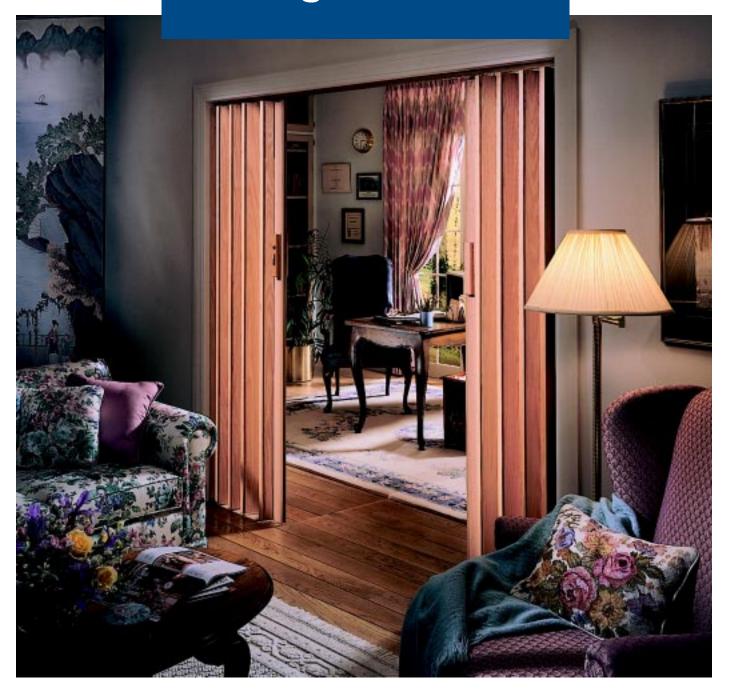

Electronic search and selection tool on CD-ROM published quarterly by Sweet's Construction Group. Contains complete product information, interactive 3 Part Specifications and uniformly formatted CAD Drawings and Details (in DWG).

Panelfold on the World Wide Web

The content of the Panelfold Interactive CD-ROM, including Drawings and Specifications, may be accessed live on the web. Changes and additions to content are promptly posted, making this interactive tool the most up-to-date source of complete information available: www.panelfold.com

Signature®

Signature® Folding Doors

With the Designer Touch...Lend uncommon convenience to residential and contract interiors.

- Strong laminated wood panels
- Wood panel connector moldings
- Decorative extruded aluminum track and double nylon wheels
- Touch-bar™ positive latches and jamb mould or **ADA compliant magnetic latches**

Signature wood folding doors offer total flexibility for space planning. Featuring panels and shaped wood panel connector moldings. Signature doors blend with traditional or contemporary decor.

WOOD PANEL CONNECTOR MOLDINGS

WHEATWOOD™

WOODTEX® HONEYWOOD™

RED OAK

Scale/6® - Scale/4® Folding Doors and Partitions

The Practical Alternative for Saving Space With A Great Look

- Strong laminated wood panels
- Dual wall Memory Action[®] vinyl hinges
- Decorative extruded aluminum track and double nylon or ball-bearing wheels
- Touch-bar[™] positive latches and jamb mould or ADA compliant magnetic latches

The variety of panel options has made this handsome folding door collection the outstanding choice of designers for many years. Select from an impressive lineup of rich, genuine wood veneers...economical, high fidelity Woodtex® wood grain vinyls...colorful Startex™, Sandtex™, Hightex™, Fabrictex® and Ropetex® textured vinyls, and a myriad of high pressure plastic laminates in four or six inch wide panels to ten foot heights. Designed to accommodate just about any doorway, closet, room divider, window covering and partition requirement, they save splendidly on space that swinging, bi-folding and sliding doors waste.

Criterion features single wall panels and rigid, self-mating hinges that travel smoothly on lifetime nylon wheels along an aluminum track.

TYPES OF APPLICATIONS

Rigid Vinyl Panel Color Selections

Because the color is added before the panels are extruded, the color can not wear off. The panels never need painting. Color selectors are available.

Panelfold[®] Surfaces & Colors

You may select from an extensive line of surfaces and colors. Color selectors are available.

Criterion[®] Rigid Vinyl Folding Doors

Designed for tight budgets...for quick installation...for durability... for closets, utility rooms, and room dividers.

- Tough, lightweight 4"(100mm) wide panels
- Full height, self mating, integral hinges
- Smooth rolling nylon wheels
- Extruded aluminum decorative track
- Full height jamb mould and magnetic latch
- Concealed jamb fasteners

See Page 6 for Guide Specifications

Installation is Quick And Easy

No expensive stubbing out or heading down is required to install Criterion rigid vinyl panel folding doors. Engineered to travel smoothly on lifetime nylon wheels and so light weight they may even be installed on existing ceilings. Simply attach the aluminum track to the ceiling or header with supplied screws. Unique concealed jamb clips are provided to clip on the deep nesting jamb mould which receives the end post latch and the permanent jamb. No exposed fasteners. Fast, neat and practical. These models are really easy to handle on the job.
